Solu-Cal BioCal Revive PLUS is a unique formulation of Calcium and Humic Acids to support soil pH, deliver Calcium to promote plant growth, to enhance microbial populations, and promote rapid thatch degradation. Solu-Cal BioCal Revive PLUS is impregnated with a diverse biological package to support increased soil microbial populations.

Directions For Use. Apply only as directed.

EXISTING TURF, AERATION & SEED STARTING

On turf stands with thatch layers exceeding 1", apply 5lbs per 1,000 sqft.

Make initial application once turf is actively growing in spring.

Subsequent Applications: May be applied up to three times throughout the growing season once thatch is at desirable level (late spring & late summer).

Apply to dry turf. Water in thoroughly after application. Store in original container in cool, dry place. Do not contaminate water by storage or disposal. Do not apply near water storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn, and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn and garden.
